## Classmates Who Have Transferred To The Eternal Duty Station

Our love and prayers go out to the family and friends of our classmates who have gone on before us. We will miss them, yet we can find comfort in knowing that one-day we will all join them for the greatest of all reunions.

We have received word that the following classmates have recently passed away:

### **From Celeste (Plitouke) Brodigan (57)**

With sadness, after years of searching we found a missing class member:

#### **Rex Lawayne Yates (57)**

Born: 09/30/1939

Died: 02/27/2002

Residence: Apollo Beach, Florida

Neighbors said that he was a police officer and married. No other information available at this time.

I believe from all the research I have done, and from records I can find, that these are classmates who have passed away. Again if anyone has any information that would prove this not to be true, please let Pat Terpening Owen (58) know at:

## Reunions

**From Celeste (Plitouke) Brodigan (57)**

[Mbrodi1939@aol.com](mailto:Mbrodi1939@aol.com)

We want to thank those preparing for the 2003 "Gathering" in San Diego for inviting other classes besides those initially noted.

The snow event on the East Coast allowed me time to work on the '57 email and address lists. Emails and snail mails were sent to all on the list about the Gathering and at least fifteen from our class indicated they would most likely be there. For those of you who let me know that you might come I will be sending additional information when we have all of the details. A better location to play and visit could not be found.

Pat (Terpening) Owen put her detective badge on again and sent some great clues to me. I was delighted to talk to my roommate Sandra (Dawe) Werner after many false starts. The search continues for others. "The Curious Savage" cast has all been found, except for Carolyn Elise Towner Long. Does anyone have any ideas?

Would like to again thank Gary for his hard work on our behalf and the many smiles he puts on our faces, and Pat for her detective work on finding and reuniting us. Their many hours each month earns them a special place in our hearts.

Looking forward to October. If you have not been to a reunion or gathering seriously

consider it. You will have three days of pleasure and friendship.

### **Memories of Bushy**

**Peter Burnett (58)**

[Peterb40@sbcglobal.net](mailto:Peterb40@sbcglobal.net)

Yes, 58 was a vintage year ---- Boone Farm, Thunderbird, Mad Dog 20/20, and Carlo Rossi's Diego red by the gallon! But, it all beat that shandy that I left on the east side of the pond. Heard my first rock & roll at Bushy Park --- Bill Haley & the Comets --- Rock around the Clock. They let us out of school to see a Street Car Named Desire, and to Wembley Stadium to see Goose Tatum (all 7' of him) and the Harlem Globetrotters play the ever-present Washington Generals. And, Billy G! Yes, a young Billy Graham at Wembly (We went to anything that got us out of school!) We had our own Fox & Geese and "Teddy Boys" to deal with on the streets of Teddington & Kingston.

Mr. Threlkeld was there as was Rosemary Hynes (not yet linked that we knew of). Volney Farned (Farney) was Principal and John & Doris Billington taught science. Paul Francis, now retired and in Belgium (I can see Francis in a beret!) Travis Poole, a cool Texan, taught Spanish/English and Coach Grover Cannon was my soccer coach. Sam Jacobs, and Miss Black ran the "dorms" ---- it was their illusion of power -- Don Munroe, Jack Slater and others were great dorm supers and of course the boys & girls had the strictest of non-frat rules --- my roommate actually fell thru the roof of the girls dorm in 56 & got his funny & unnamed body deported to Pennsylvania (He ended his USAF career as a Major General -- go figure). This was a higher and better use than the former occupants of the school --- Gen Eisenhower and his cronies had offices there.

I actually rode in on Sundays from Newmarket (RAF Lakenheath), and, baring a forged note from my parents allowing me to stay over at a friends in London, I went back on Friday. I remember on Friday when the flag was coming down, the driver (English) refused to stop the bus and dismount --- we reported him --- new driver on Sunday. These were interesting rides -- cards, smuggled beer, heavy necking and all it could lead to! Prior to my Frosh year, I had attended Jr. Hi. at Lakenheath in Quonset huts ---- teacher was Joe Russo from Boston --- one of the best --- anyone else ever have him?

As a Bermudian, I spent 2 years in the RAF, moved back to US, naturalized & via Aviation Cadets became an officer and a gentleman, worked for Curtis LeMay on 52s as a Navigator. I now run a chemical dependency treatment program in Placer County, CA as CEO. Whew, that's my story and I'm sticking to it! Peter B. 58 (A hairless, toothless Bobcat)

### **Mini Reunions**

**From Arden (Atkinson) Sederholm (53)**

[chuck\\_sederholm@prodigy.net](mailto:chuck_sederholm@prodigy.net)

Thanks for all your work in keeping us up to date on everything and everyone. I have been meaning to send you a note about having a wonderful mini reunion with Irene (Sersain '53) Biegler, one of my best friends from high school. In the way of all teenagers, we lost touch with all our moves, and I had been trying to find someone who knew of her whereabouts at all Bushy Park reunions. Irene found out about "us" from a computer surfer friend, and we were finally reunited.

She was on the way to the Branson Reunion, when she was called away by a seriously ill relative. I was so disappointed, but understood her unselfishness. She and her husband made

our personal reunion possible, by driving down to our home in Jacksonville, after visiting Washington last September, and we had a wonderful visit. It's amazing that the qualities and values that drew you to certain people when you were only sixteen are still there fifty years later. Irene lives in Tucson, and you can bet we will all be at the reunion.

Again, thanks for all the work you do to keep us energized!

**From Billie (Culp) Bules (54)**  
[BCBules@aol.com](mailto:BCBules@aol.com)

Late February, 2003 Joyce (Ford) Williams, class of 1955, paid a visit to Billie (Culp) Bules, class of 1954 and her husband Dave, in Phoenix, AZ. Joyce and Billie became best friends on the SS United States going over to England in 1953, were out of touch for 45 years or so and just found each other a couple years ago (thanks to Nancie (Anderson) Weber's efforts. We are still trying to make up for all those years, chatting nonstop when together, laughing and just enjoying each other's company. We also included Ted Hopkins (class of 1955) and his wife, Dawn in an evening of fun and dining at Billie and Dave's home. Ted kept us beguiled with tales of his family's butler in England. It is so amazing when getting together with classmates, makes us feel like teenagers again.

**From Valerie Filinson Katz (60)**  
[TexxVal@satx.rr.com](mailto:TexxVal@satx.rr.com) and **Tom Dixon (62)**  
[Thdixon@sbcglobal.net](mailto:Thdixon@sbcglobal.net)

Here's an offering for the newsletter from Valerie Filinson Katz, '61, with a couple of additions from me. As you can tell from the submission, we have been enjoying renewing our friendship via email, and we saw each other in Dallas this past week! Both of us are seriously considering San Diego.

I spotted Val's name and email address in the newsletter, of course. One more reconnection, thanks to you! I hope you feel very good about what you do.

Thanks,  
Tom Dixon '62

Two former Bushy Talers got their tails together in Dallas on Feb 3rd, Valerie Filinson Katz, '61 [texxval@satx.rr.com](mailto:texxval@satx.rr.com), and Tom Dixon, '62 [thdixon@sbcglobal.net](mailto:thdixon@sbcglobal.net). We renewed our friendship in person after reconnecting via email, thanks to Pat and the newsletter.

We did our best to deny that either of us had changed much in 43 years and proclaimed that we would have recognized one another had we seen each other unexpectedly. Obviously we have matured into great diplomats. We reminisced over our days in London and our shared experiences, from hanging out at the teen club to hanging over the toilet from our Pub excesses.

One topic of conversation was the tough time each of us had when we returned Stateside. We had so much freedom while at Bushy that high school in the states seemed confining. We felt a little estranged, being away from our little enclave in Teddington. It took a while to adjust, but we finally did. We both not only finished college but also got advanced degrees. Tom went to law school, and I became a speech pathologist and audiologist. So Bushy served us well!

Tom brought his annuals to our Dallas meeting, we looked through them together, and the stories began to flow. I couldn't believe how many people I recognized. In the hour and a half we spent together we realized we had only scratched the surface. Our respective spouses are delighted we have someone to rehash the good old days with other than them!

I think this has convinced me to go to San Diego in October, and I encourage everyone who can to be there too!

## Do You Remember?

### **From Peter Burnett (58)**

OFF TO ENGLAND, Circa 1952

Every month, with the greatest of anticipation, I look forward to my latest issue of Bushy Tales! I have often thought of writing but also thought, "Who cares?" ----- Obviously, if everyone had that perspective, there would be nothing to read for any of us.

It was late 1952 and the 48 Oldsmobile of Staff Sergeant Burnett and family headed out from Riverside and March AFB across the great Arizona desert. As we ordered Mexican food, only the quick hand of the waitress saved me from trying a big spoonful of "tomato soup." Enter, stage left, Jalapeno peppers! As we moved out toward Westover AFB, Massachusetts, I was leaving behind my life of crime. Having, at the age of 11, been the youngest juvenile placed on probation in Riverside County, I was feeling success at my less than questionable accomplishment. Bet none of the rest of you had to get the permission of your Probation Officer to go to England?

I have always felt cheated! All of the rest of you cruised the life of Riley on the "Gen." such and such! I copped a cold airplane ride to the Azores and then Burtonwood AFB because mother was due with my second sister, Mary. Oh yes, I got to carry Sandy, #1 sister! Banged her head on the base ops door as we boarded the plane for Burtonwood, poor little bugger hasn't been right since. Mary was born in June at Burdrop Park, near Swindon. The doctor who delivered her was from Vacaville,

where I currently live, and his son and I are good friends ----- one of many "small world" experiences yet to come!

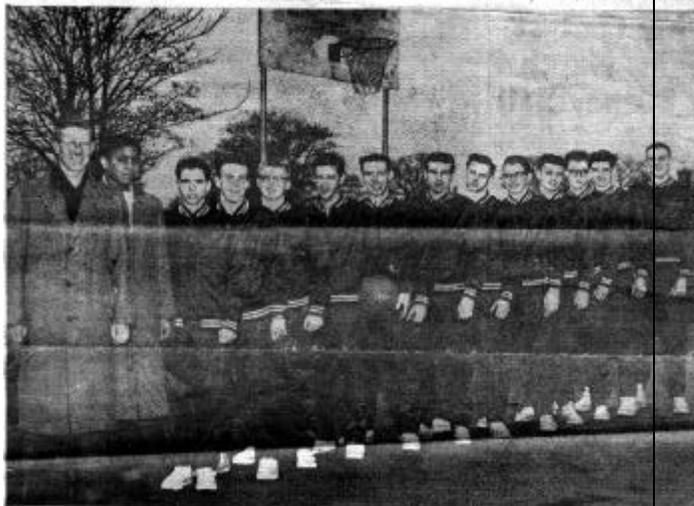

Dad, in that trusty 48 Olds, picked us up at Burtonwood and we were off south to some place with the funny sounding name of Upper Heyford ---- funny names in England! Oh yes, true to form, it was snowing and dad slid the Olds into a fence post off the road ----- England hadn't helped his driving. We stopped for a bite to eat ----- hamburger, fries, coke ---- NOT! I tried for a fried egg, but it was "too late" for fried, however, I could have "poached", yuck!!!!!! --- I was now truly paying for my life of crime in California!

We settled into a wonderful little house in Summertown, a burb of Oxford, and I was off to seventh grade in an English school.

Didn't get the damn boat home either!

Who are the people in the picture above?

What year was this and what were the circumstances for this picture?

**Frank Janusz (Faculty)**

[fjanusz@cs.com](mailto:fjanusz@cs.com)

I still remember my years at Central High and our stay in England with real pleasure. I really liked the kids, with only a few glaring exceptions, and the historical times and general experiences were wonderful. We (my wife, Eleanor, and I), have not kept in touch with the faculty members, with the exception of Coach Taylor Lewis and his wife Ann. We went to visit them in Grants Pass, Oregon annually until both were killed in a vehicle accident in the mountains of Oregon. We loved both Ann and Taylor, and we still miss them.

I still hear from a few of the students from Bushy Park, but each year the number seems to dwindle.

**This and That**

**Nancy Reed Robinson (56)**

[Nrobinin@cs.com](mailto:Nrobinin@cs.com)

Want to share how I spent Valentine's Day this year. What a time for me! On Friday, February 14th I defended my dissertation and was

awarded the title of doctor. It took 13 years to finish. I have to admit it brought tears to my eyes to finally receive the degree from people I truly respect and care about, my committee. I had worked for so long to get to that moment. I was particularly pleased that my sister Elizabeth joined us. (If you knew her back when, she called herself Betty Lu in London.) Elizabeth had been my life coach for the past two years. To add to the experience that evening, after we celebrated, it began to snow and we had the blizzard of 2003 here on the east coast. I had the whole weekend plus a day or two to enjoy the snow and reflect on my life thus far before finishing final corrections and moving on. Still not sure what to do when I grow up. What are your retirement stories?

**From Patti Fawbush Webb (58)**

[Webbpattih@comcast.net](mailto:Webbpattih@comcast.net)

In 1993 my husband Henry and I went to England so I could show him my old haunts. We went to Bushy Park and tried to find our school. I was so disappointed. We walked everywhere trying to find some signs, asked people in nearby shops if they remembered a school or airbase. Then we met an older lady who lived in a quaint home across from the park. She listened to our questions and begged us to come join her for tea while she told us about her memories. She had more memories of the times during WW II when the base was headquarters for Eisenhower and his staff. She had slight remembrances of the school.

Henry and I count that occasion as one of the best memories of our times in England. By the way I took him to Trafalgar Square and fed the pigeons with him because I had been on a date with someone there and I wanted to take my life-long best beau to the same place.

We also went to Alconbury Air Force Base area and found that the house where our family had lived off base was now a church

parsonage. A church building was just behind in the old potato field.

The pastor of the church took us for a short ride on base and I found the house where we lived when we moved on base.

Have any of the others been to see the old haunts?

**Richard Enroth (59)**  
[Enrothr7132@aol.com](mailto:Enrothr7132@aol.com)

Dear Pat,  
You must be on some crusade to have taken the time out to find me from Bushy Park High School! I was not graduated from the school, as my dad got transferred to Los Angeles in my junior year (1957). I would have been in the class of '59 had we stayed in England.

I have not kept in touch with anyone from school, (that's the way it goes), however if you are planning to schedule a get together I'd be interested in exploring that possibility for me. Unfortunately, I am still gainfully employed, so I would have to work around that schedule. Besides, my wife, who has been married for almost forty years, told me that she married me for better or worse, but not for lunch.

**From Donna Gillespie Fricke (61)**  
[hancock@downeast.net](mailto:hancock@downeast.net)

I hope to be in St. Petersburg, Russia delivering a paper on Maritime English in October. - Donna is hoping to write something about her trip for the newsletter when she returns.

**From Bill English (57)**  
[Ametalartist@yahoo.com](mailto:Ametalartist@yahoo.com)

I assume you have all seen the reports about how Sears is treating its reservist employees who are called up? By law, they are required

to hold their jobs open and available, but nothing more. Usually, people take a big pay cut and lose benefits as a result of being called up...

Sears is voluntarily paying the difference in salaries and maintaining all benefits, including medical insurance and bonus programs, for all called up reservist employees for up to two years. I submit that Sears is an exemplary corporate citizen and should be recognized for its contribution.

I suggest we all shop at Sears, and be sure to find a manager to tell them why we are there so the company gets the positive reinforcement it well deserves.

### **Comments From You Our Readers**

**From Randy Crane (59)**

When in England at a fairly large conference, Colin Powell was asked by the Archbishop of Canterbury if our plans for Iraq were just an example of empire building by George Bush.

He answered by saying that, "Over the years, the United States has sent many of its fine young men and women into great peril to fight for freedom beyond our borders. The only amount of land we have ever asked for in return is enough to bury those that did not return."

It became very quiet in the room.

Dear Pat and Gary, you two are so efficient.....here it is the 1st of March and the Bushy Tales is in my mailbox and ready to read (it's printing as we speak)! Thanks so much to the two of you for your continued commitment to sending the newsletter of all of us. I truly enjoy reading it each month.

I have enjoyed all of the news and information. It helps rekindle memories I thought were long lost. You guys have done an outstanding job.

**From Daniel Rysselburghe (60)**

[dryss@pacbell.net](mailto:dryss@pacbell.net)

My family was stationed at Woodbridge, near Bentwaters. Both the Woodbridge and Bentwaters kids bussed down to Bushy Sunday afternoon and came back Friday evening. During the week we stayed in the dorms at Bushy. I don't remember which dorm wing I was in or who the wing supervisor was. All of this was for school years 1957-58 when I was a freshman and sophomore. I can remember events and faces better than names and places.

Wow, it's great to get a jolt like that. Actually, I was doing a google search on "Rysselburghe" trying to find some old Military stuff for my Dad, and there it was bushypark.org What a surprise!

And thanks for signing me up for the newsletter. Thanks, too, for caring enough to do the digging. I appreciate that.
